Notes: The course planning schedule is a suggested sequence of courses. Actual course planning may vary from student to student depending on other circumstances and consultation with your faculty advisor.

*If selecting Advanced Qualitative in your research strand. Otherwise, take an Advanced Policy Seminar
† If selecting Advanced Quantitative in your research strand. Otherwise, take an Advanced Policy Seminar

1 Students who have successfully completed one of the following UT courses (SOC384L, EDP 380-2, PA 397, ECO 385C, SDS 380C) may substitute ELP391Q with a more advanced quantitative research methods course.
